

Dr. Scott Carroll
MANUSCRIPT RESEARCH GROUP
SUMMARY OF DISCOVERIES
2011–Present
In Various Stages of the Publication Process

All discoveries were made independently from previously unidentified texts in private collections from around the world. Many items were subsequently acquired by other collectors and institutions. All of the items have been carefully analyzed and the details regarding dates and the significance of the texts are based on a close study of all known databases. These have been further verified by world-renowned colleagues.

Classical Papyri Discoveries

1. Homer's Iliad Book 1.1-9
2. Homer's Iliad Book 1--4 columns
3. Homer's Iliad Book 2.1-40, 2c
